

Buttercups Academy for Pharmacy Technicians

About the Academy

The Academy is designed primarily for technicians aiming to further their continuing professional development needs.

This Academy is designed primarily for pharmacy technicians who are interested in furthering their continuing development. We hope that those studying our courses will give us feedback regarding the courses and use Buttercups interactive website to receive additional assistance with the course content.

Membership of the Academy allows access to a variety of modules, covering topics including asthma, tuberculosis, and HIV. Additional modules will be developed and added each year. Members are issued with a username and password, giving them access to all available modules via the Buttercups website. Each module features a detailed, engaging interactive tutorial which includes a quiz. Candidates can obtain certificates for the modules they have completed on request at the end of the year, by printing off their quiz results and submitting them to Buttercups.

Entry criteria: Qualified Pharmacy Technicians
